

Nautilus Inspiration Strength Leg Press

The Nautilus Inspiration Strength® Leg Press combines modern design, innovative features, and user-friendly adjustments to deliver an enhanced workout experience. Proudly made in the USA, this machine is built with both aesthetics and functionality in mind, offering a more efficient and comfortable leg press.

Key Features:

- **Extra-Large Non-Slip Platform:** Provides a stable and secure surface for exercises.
- **Beveled Lower Edge on Foot Platform:** Allows for calf training with ease.
- **Urethane Seat Rollers:** Ensure smooth, quiet operation during use.
- **Wrap-Around Seat Adjustment:** Offers quick and easy seat adjustments.
- **Contoured Upholstery with Lumbar Support:** Provides enhanced comfort and support during exercises.
- **Lock N Load® Weight Selection:** Enables easy weight changes with an intuitive, pin-free design that's more durable and maintenance-free.
- **Incremental Add-On Weight System:** For precise weight adjustments, enabling better progression.
- **Moving Image Lenticular Instruction Placard:** Provides clear, easy-to-follow exercise instructions.
- **Smart Tower Design:** Features uniform towers (64"/163 cm) for superior lines of sight, and can be customized with graphics to match your facility's design.

Specifications:

- **Overall Weight:** 1,227 lbs (558 kg)
- **Length:** 74 in (188 cm)
- **Width:** 54 in (137 cm)
- **Height:** 64 in (163 cm)
- **Stack Weight:** 400 lbs (200 kg)

Warranty:

- **Frame:** 10 years
- **Parts:** 5 years
- **Labor:** 1 year

Nautilus One Leg Press

The Nautilus One™ Leg Press offers a combination of cutting-edge technology, user-friendly features, and a space-efficient design that makes it stand out as a premium choice for strength training. The machine's unique dial weight selection system and four-bar linkage technology optimize muscle involvement while minimizing stress on the knees and back, making it suitable for a wide range of users.

Key Features:

- **Revolutionary Dial Weight Selection:** The intuitive dial system allows for smooth, incremental weight adjustments in 5 lbs (2.5 kg) increments. The starting weight is 50 lbs.
- **Four-Bar Linkage Technology:** Controls the position and angle of the foot platform, providing optimal biomechanics for leg press exercises.
- **Low Height with Integrated Handle:** Assists users with easy entry and exit.
- **Extra-Wide Foot Platform:** Offers flexibility in foot placement for various exercises.
- **Compact Footprint:** Provides maximum muscle involvement with minimal knee and back stress while taking up less space.
- **Patent Pending Weight Selection:** Allows for 425 lbs (200 kg) of weight with precise, easy adjustments.

Specifications:

- **Product Dimensions:** 72" x 51" x 57" (LxWxH)
- **Product Weight:** 1,332 lbs (605 kg)
- **Stack Weight:** 430 lbs (195 kg)

Warranty:

- **Frame:** 10 years (excluding coatings)
- **Parts:** 5 years (including bronze bushings, rotating bearings, pulleys, and guide rods, excluding coatings)
- **Labor:** 1 year
- **Normal Wear Parts:** 90 days (including labels, upholstered pads, and grips)

True Fitness Force Series Dual SD-1003 Leg/Calf Press

The **True Fitness Force Series Dual SD-1003 Leg/Calf Press** combines sleek design with functionality, offering two exercises in one compact machine. Its stylish appearance and low profile make it a versatile addition to any facility, from community centers to resorts, while accommodating a wide range of users.

Key Features:

- **Dual Functionality:** Offers both leg press and calf press exercises in a single machine, saving space while providing versatility.
- **Low Profile Design:** Easy entry and exit with a walk-through design for user convenience.
- **12-Position Contoured Back Pad:** Includes lumbar support wings and an integrated head pad for comfort during use.
- **Oversized Rubber-Coated Foot Platform:** Designed to accommodate a wide range of user sizes.
- **Aesthetic Appeal:** The machine features a sleek matte black powder coat finish and comes with custom color options for the frame.

Specifications:

- **Footprint:** 89.5" x 46" x 57" (228 cm x 117 cm x 145 cm)
- **Machine Weight:** 619 lbs (281 kg)

Warranty:

- **10 Years:** Frames, welds, cams, and weight plates
- **5 Years:** Bushings, pivot bearings, gas-shocks, pulleys, and guide rods
- **1 Year:** Cables, rubber grips
- **6 Months:** Upholstery, hardware, and all other parts not mentioned

True Fitness Fuse-0300 Leg Press

The **True Fitness Fuse-0300 Leg Press** combines easy access, comfort, and efficiency, offering users a smooth leg press experience. Designed for a variety of facilities, it features an adjustable seat assembly, a large molded foot platform, and ergonomic design for optimal performance.

Key Features:

- **Angled 20° Adjustable Seat Assembly:** Offers easy entry and exit, with a 3-position back pad for enhanced hip extension.
- **Ergonomically Designed Paddle Handle:** Allows for easy adjustment with a 9-position seat assembly.
- **Molded Foot Platform:** Angled at 10° to maximize hip extension while keeping the ankle in a neutral position.
- **Low Profile Open Frame:** Ensures easy entry and exit for users.
- **User Amenities:** Includes an accessory tray with a cup holder and an integrated towel holder for added convenience.

Specifications:

- **Footprint:** 46" x 74" x 66" (117 cm x 188 cm x 168 cm)
- **Machine Weight:** 684 lbs (311 kg) – 784 lbs (356 kg) (depending on weight stack option)
- **Weight Stack Options:**
 - 210 lbs (95 kg)
 - 310 lbs (141 kg)

Warranty:

- **10 Years:** Frame components and welds (excluding coatings)
- **5 Years:** Bronze bushings, sealed rotating bearings, pulleys, weight plates, and guide rods (excluding coatings)
- **1 Year:** Labor, cables, linear bearings, shafts, and other components not mentioned
- **90 Days:** Normal wear parts (including labels, upholstered pads, and grips)

True Fitness Leg / Calf Press

The **True Fitness Leg / Calf Press** is designed for a seamless workout experience, offering easy access, comfort, and versatility. This machine is suitable for a wide range of users, providing both leg press and calf press functions with adjustable features to ensure proper positioning.

Key Features:

- **Low Profile Design:** Ergonomically positioned handles ensure easy entry and exit.
- **Contoured Back Pad:** Provides lumbar support throughout the full range of motion.
- **Oversized Non-Skid Foot Platform:** Allows for a variety of exercise options.
- **Instruction Labels:** Large, easy-to-read labels with QR codes linking to online instructional videos for better guidance.

Specifications:

- **Dimensions:** 71" L x 41" W x 65" H (180 cm x 104 cm x 165 cm)
- **Machine Weight:**
 - 500 lbs (227 kg)
 - 580 lbs (263 kg) (with the 250 lb stack option)
- **Weight Stack Options:**
 - 170 lbs (77 kg)
 - 250 lbs (113 kg)

Warranty:

- **10 Years:** Frame components and welds (excluding coatings)
- **5 Years:** Bronze bushings, sealed rotating bearings, pulleys, weight plates, and guide rods (excluding coatings)
- **1 Year:** Labor, cables, linear bearings, shafts, and all other components not mentioned elsewhere
- **90 Days:** Normal wear parts (including labels, upholstered pads, and grips)

Hoist Fitness HF 4357 Leg Press / Hack Squat

The **Hoist Fitness HF 4357 Leg Press / Hack Squat** is a versatile and durable machine, designed for strength training with both leg press and hack squat functionality. It's built with high-quality components to provide effective and safe workouts.

Key Features:

- **Adjustable Platform:** Ensures proper positioning for both leg press and hack squat exercises.
- **Dual Purpose Back Pad:** The back pad attaches for both hack squat and leg press exercises, offering flexibility.
- **Multi-Position Lockouts:** Allows for varying positions in both exercises, enhancing the workout's versatility.
- **Maximum Weight Capacity:** Supports up to 720 lbs when using Trimline 45-pound plates.

Specifications:

- **Product Width:** 30.5" (78 cm)
- **Product Height:** 56.5" (144 cm)
- **Product Length:** 83.25" (212 cm)
- **Machine Weight:** 392 lbs (178 kg)
- **Weight Load Capacity:**
 - Max standard 45-lb plates: 540 lbs (12 plates)
 - Max Trimline 45-lb plates: 720 lbs (16 plates)
- **Start Weight:** 85 lbs (equivalent to 60 lbs due to a 70% ratio)
- **Wheel Design:** Uses four nylon wheels with carriage needle bearings for higher load capacity.

Warranty:

- **Lifetime:** Frame
- **10 Years:** Moving parts
- **10 Years:** Paint, cables, and upholstery
